HOW TO MAKE OUT-OF-TOWN CALLS

Out-of-Town calls can be completed almost as quickly as local calls, providing you give the telephone number when calling.

Keeping a record of Out-of-Town num-

bers frequently called will save time on future calls. If you wish to have the telephone numbers of a list of out-of-town subscribers, our Business Office will be glad to furnish them.

OUT-OF-TOWN CALLS ARE OF TWO GENERAL CLASSES:

Station-to-Station Service

A Station-to-Station call is one on which you call a distant telephone without specifying a particular person, department or extension telephone.

Station-to-Station service is cheaper than Person-to-Person service and should be used when you are willing to talk to ANYONE answering the called telephone or when you are sure the person with whom you wish to talk will be there.

To place a Station-to-Station call ask for "Long Distance"; place your calls as in the following examples:

IF THE TELEPHONE NUMBER IS KNOWN say: "I want to talk to Smithville, Adams 3020." Give your number when the operator requests it.

IF YOU DO NOT KNOW THE TELEPHONE NUMBER, say: "I want to talk to Brownville, ANYONE at Mr. John Jones' residence, 521 Main St." Give your number when the operator requests it.

Report charges are not applicable to Station-to-Station calls, except on collect calls where the charges are not accepted at the called station, and the calling party is unwilling to pay the charges for completing the call.

Person-to-Person Service

A Person-to-Person call is one on which you specify a particular person, department or private branch exchange extension number, to be reached at the called telephone.

The rates for Person-to-Person calls are somewhat higher than for Station-to-Station service due to the greater amount of operating effort and use of circuits required to complete such calls. This class of service should be used when it is necessary for you to talk to a particular person or department.

To place a Person-to-Person call, ask for "Long Distance," then if you know the telephone number, say for example: "I want to talk to Grayville, Main 8124, Mr. John Brown." Give your number when the operator requests it.

Appointment and messenger calls take Person-to-Person rates, plus the cost of any messenger service performed. Messenger charges incurred are to be paid whether or not conversation is held.

Person-to-Person calls are subject to report charges as explained on the following page.

Day, Night and Sunday Rates

DAY RATES apply to Station-to-Station and Person-to-Person calls between 4:30 A. M. and 7:00 P. M. on all days except Sunday.

NIGHT and SUNDAY RATES. Reduced rates apply daily between 7:00 P. M. and 4:30 A. M. and all day Sunday if the initial period rate exceeds 35 cents for a Station-to-Station call or 50 cents for a Person-to-Person call.

The time of day, at the originating point, when conversation starts, determines whether DAY or NIGHT AND SUNDAY rates apply.

Collect Calls and Report Charges

A COLLECT CALL is a Station-to-Station or Person-to-Person call, for which you wish to have the subscriber at the distant point pay the charges. The regular Day, Night and Sunday rates for Person-to-Person and Station-to-Station calls apply except that:

On collect Station-to-Station calls where the initial period rate is less than twenty cents the regular Person-to-Person rate applies.

And

where the initial period rate is twenty cents the collect rate is twenty-five cents for an initial period of five minutes.

A request to make a call collect should be given to the operator when the call is placed, so that she can endeavor to obtain acceptance of the charges before the connection is established.

If the called party refuses to accept the charge, a report charge will be made unless the call is completed as a paid message.

If you desire to know the charges for a call which is "collect" to you, it is important that you so inform the operator at the time you accept the call.

A REPORT CHARGE is made on Person-to-Person calls if within one hour the operator secures a connection to the called telephone but is unable to complete the call because the particular person desired is not in; will not talk; or if the calling party is absent or refuses to talk when the called party is reached; or if the called party is unknown at the called telephone.

Report charges are made on collect Station-to-Station calls where the charges are not accepted at the called station and the calling party is unwilling to pay the charges for completing the call.

In any case where a report charge applies, the minimum charge is ten cents.

Report charges are to compensate for the operating work performed and the use of toll circuits.

Requests for Rates and Charges

On request, the operator will quote the rate to any out-of-town point. If you wish to be told the charges on a particular call,

make the request when you place the call or when you accept a "collect" call. The operator will call you back and quote charges.

International Telephone Service

Telephone service is available from your telephone to practically all important cities of Europe and many points in Africa, Asia, Australia, Central and South America. Also to Bermuda, Cuba and several other island groups.

Telephone calls may be made to certain of the larger steamships while the vessels are at sea and within calling range.

Rates and further information concerning International and Ship-to-Shore telephone service may be secured or calls may be placed by calling "Long Distance".

REDUCED RATES apply to nearly all points on SUNDAY and to points in certain European Countries on Week Days between 5:00 P. M. and 5:00 A. M. (time at originating point).

RATES TO OUT-OF-TOWN POINTS

Frequently Called Places: Rates are quoted below for different classes of service to a number of out-of-town points.

Rates to other points not listed below may be obtained on request by calling "Long Distance".

Initial Period: The rates quoted below are for initial periods of three (3) minutes, except those preceded by an asterisk (*) which are for initial periods of five (5) minutes. The rate per minute for overtime will be proportionate to the rate of the initial period.

Call "Long Distance" If Additional Information Is Desired
